Work Plan Sharing Protocol

To support implementation after each professional development days, the teachers and instructional partners develop a work plan. At the next professional development, each person reflects on the implementation that supported learning.

The most recent professional development day was Dec 18th. **Linking the PALS and EVT 2 with OWL Instruction: Encouraging ALL Children's Participation!**

If you have a work plan from Dec 18th, please bring your work plan.

If not think about these, topics:

In **three minutes**, how might you respond these prompts:

- How have you reflected with the teacher about this year's PALS and EVT scores?
- What has the teacher defined as the priority area of instruction?
- How can you intensify instruction in this area for this year's students?
- What is the teachers "elevator speech" for your classroom's literacy goals, the connection with BPS and school that was developed for parents, fellow teachers and principal?

After each person has had the opportunity to speak about the assessment goals, classroom literacy goals, OWL curriculum, and Early Literacy activities that work in their classroom, we will seek to find the common threads that have worked in multiple classrooms.
